AMENDMENT TO SPECIFICATION**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In reply to the November 22, 2005 Notice Regarding Drawings, Applicant herewith submits Replacement Drawing Sheets of Figs. 1-13 as required by the Notice of Draftsperson's Patent Drawing Review. Applicant points out the drawings were never objected to throughout the prosecution of the above-identified application. The Figures are now, for the first time, objected to after payment of the Issue and Publication Fees. Applicant submits that the figures are now acceptable for publication and the application should issue as a patent.

In replacing the Figures as required by the Patent Office, it is necessary to amend the specification to correctly refer to the revised sectional views. Applicant thus respectfully requests that the specification be amended in the following manner.
